There was considerable delay in the work of construction, during which time the congregation worshipped in the Midway school building and in the First Baptist Church. Although services were held in the Sunday school room of the church as early as the fall of 1896, it was not until Easter Sunday, 1898, that the main auditorium was opened for the first time. The offering that day was \$55.38. The subscription has Easter, which wiped out the debt, amounted to over \$3,000.

subscription last Easter, which super out the debt, amounted to over \$3,000.

The Procession.

The visiting clergy formed in the Sunday school room of the church immediately before the time of opening, and in procession, with Lishop Gibson leading, the vested clergy proceeded from First Street west to High Street, and entered fine sanctuary. The clergymen of other city churches present were the Rev. Dr. George L. Petrie, of the Presbyterian, and the Rev. Dr. John B. Turpin, of the First Eaptist Churches.

The Bishop was received at the entrance of the church by the church wardens and vestrymen. The Bishop and clergy then proceeded up the alale to the communion table, reading the twenty-fourth Psalm alternately, the Bishop one verse and the clergy another. The Eishop and clergy were then seated within the rails.

The deed releasing the property from all debt and incumbrance was presented

to the Bishop by Mr. H. C. Marchant, of the church vestrymen.

The Bishop, receiving the instrument, then continued by reading and prayer. The sentence of consecration was readby the Rev. H. B. Lee, Sr., and was laid by Bishop Gibson on the communion table.

Hearing that he had recovered from Diabetes (a disease that is believed to be incurable) Charles Siewart, a business man of Algona, Jowa, wrote him asking if it was true. We are permitted to copy his personal reply: San Francisco, July 22, 1904. CHAS, STEWART, ESQ., Algona, Iowa,—Dear Siri Would have answered your letter sooner, but was at my mine in Placer county. Will now say that if you have Diabetes, nothing in the world will cure you but the J. J. Fulton Compound. You want to make up your mind in the first place to stay with it—not take a few bottles and then stop, either through impatience or imagining you are all right. It will take time, but it is sure to cure you. I took the medicine (a bottle a week) for a whole year and am now as well as I ever was in my life, and this was all of four years ago. I am much of the time in my mine, two feets, one has to live rightly. The sooner you commence taking this Compound, the sooner you will commence to get out of your misery. If you commence at once, and live rightly, in one very youry truly,

The Penn Mutual Life Insurance Co., of Philadelphia.

On the 7th day of December, 1904, by its Board of Trustees, unanimously adopted the follow-

"BE IT RESOLVED by the Trustees of The Penn Mutual Life Insurance Company of Philadelphia, Pa., in order that its policy-holders may have full and exact knowledge of its business management and of the security and character of its investments, that the President of the Company request the Insurance Commissioner of Pennsylvania, together with the Insurance Commissioners of Massachusetts and Wisconsin, either in person or by deputies, to make a full and complete examination of the affairs and investments of the Company, as provided for by law, said examination to be made as early as can be arranged after the closing of the accounts of the Company for the current year."

The request of the Trustees was granted, and on the first day of February, 1905, the examination was begun, and concluded on the 24th day of April. The official representatives of the three departments, with their assistants and appraisers, in all some fifty persons, covered every detail of the business management and the character and security of the Company's assets. The complete and detailed report of the examiners is too voluminous for publication in the press, but has been printed in pamphlet form and will be furnished on application to the Home Office of the Company in Philadelphia, or to any of its authorized agents in the United States.

The condensed findings of the examiners are included in the following:

### COMMENTS OF THE COMMISSIONERS

"THERE WERE PREPARED and submitted to the offi-cers of The Penn Mutual Life Insurance Company such questions as were deemed necessary for them to answer. Attached hereto the same may be found as a part of this report."

"AS CALLED FOR in the resolution adopted by the Board of Trustees of the Company, a FULL AND COMPLETE examination of the Company was made, and its affairs subjected to the CLOSEST POSSIBLE SCRUTINY."

\*\*SCRUTINY."

"THE FINDINGS SUBMITTED by the examiners show that the net surplus of the Company, as of December 81st, 1904, should be \$4,490,498.66 instead of \$4,281,261.22, MAKING A SURPLUS LARGER by \$259,287.44 THAN CLAIMED in the annual statement of the Company. All of the Company's assets have been appraised by competent experts employed in this examination, and the increased surplus shown arises from the CONSERVATIVE VALUATION of assets by the management." the management.

"THE CHARTER OF THE COMPANY, granted February 24th, 1847, provides fully for its operation on a purely mutual basis, and it HAS NO CAPITAL STOCK. The Trustees are elected directly by the body of policy-holders, NO PROXY VOTING being permitted; and the efficers are, in turn, elected by the Trustees, no one of whom is eligible to official position. "THE OFFICERS AND TRUSTEES exercise CONSTANT,

INFELLIGENT AND FAITHFUL supervision over all features of the company's business." "THE REAL ESTATE HOLDINGS were examined by competent appraisers selected in the various localities, with the result that the valuations obtained are \$387,699.76 IN EXCESS of those claimed by the

"THE MORTGAGE AND LOAN DEPARTMENTS are well organized and administer their respective duties with commendable caution and skill."

"THE LOANS ON COLLATERAL are amply margined.

The stocks and bonds owned were carefully counted, and the market value ascertained through bond experts, with the result shown that the values claimed by the company are conservative."

'IN ADDITION TO THE LEGAL REQUIREMENTS the company has voluntarily set aside \$1,082,079 in order to meet any possible contingencies in the way of lower interest rates or excessive mortality."

"THE EXPENSE OF OBTAINING NEWBUSINESS has been kept at a normal figure, and no disposition has been found to unduly develop the writing of insurance upon Deferred Dividend Plans. On these the dividends are apportioned annually, and the interests of the policy-holders are fully guarded by the terms of the contracts and the practice of the company."

"THE AGENCY BRANCH, looking at the annual product of new business, has been conducted with due economy and with fidelity to the interests of policyholders."

holders."

"THE SELECTION OF RISKS is in competent hands, as the very excellent mortality experience of the company indicated. The company is operating in practically all the states and territories of the United States, and on December 31, 1904, has upon the 'paid for' basis 140,798 policies outstanding, insuring \$32,010,287."

"Although an examination of this kind naturally interfers with the routine work of the office, the officers and employes of the company rendered every assistance within their power to the examiners, and cheerfully complied with all requests."

ISRAEL W. DURHAM, Insurance Commissioner, Pennsylvania, FRED'K L. CUTTING, Insurance Commissioner, Massachusetts. ZENO M. HOST, Insurance Commissioner, Wisconsin. It is with pleasure and satisfaction that the Trustees and Officers have received and now publish
